

This puppy is current on all of its vaccinations and dewormings which are detailed in the health record.

This dog is guaranteed to be in good health, to the best of the seller's knowledge. If he/she wishes, the buyer has three business days, from the date of transfer in which to have the dog checked by a licensed veterinarian. If there is a problem that cannot be rectified, you may return the dog to us, at your expense, on the day following the vet exam, along with a veterinarian's statement of the problem. You will receive a full refund of the purchase price of the puppy less any shipping fees. This does not include the presence of parasites and also does not apply to a health problem resulting from an injury or accident. All medical expenses are the sole responsibility of the buyer.

Additionally, your new puppy is guaranteed until it reaches 26 months of age against severe crippling hip dysplasia. The owner must provide x-rays for submission to OFA (the Orthopedic Foundation for Animals) and/or a veterinarian of the breeder's choosing. A replacement puppy of equal value of the breeder's choosing or a full refund less any shipping fees will be provided. The replacement/refund is contingent on the owners providing a written statement from their veterinarian that the dog is not and has never been overweight for its bone structure and that no evidence exists that the puppy was overstressed or over exercised during the important developmental period of its life. Furthermore, the veterinarian must indicate there have been no signs of abuse, neglect, or injuries that could be the cause of such dysplasia, and that the dog has not whelped or sired a litter. In cases where the owners have chosen surgery rather than euthanasia, they must provide written documentation that the dog in question has been spayed or neutered.

In order for this guarantee to be valid: The buyer is required to continue feeding this puppy Life's Abundance All Stage Dog Food or Life's Abundance Large Breed Puppy Food. This dog food must be purchased through the link on our website www.sandymeadowpups.com/feed-your-pup so that seller will receive statements to prove the proper nutrition was offered. The buyer must also keep their puppy up-to-date on all vaccinations and dewormings.

Seller is not responsible for dew claw regrowth.

Seller financial responsibility will be limited to the original purchase price of the puppy or a replacement puppy of the breeder's choosing. All veterinary bills accumulated by owners are the financial responsibility of the owner.

This guarantee is non-transferable.
